## SOFTWARE DEVELOPER

---

SQL | React.js | Node.js | Java | Python

A highly observant and detail-oriented aspiring software developer. Trained intensively for several months, with hands-on experience in building multiple projects. Self-motivated, curious, and passionate about developing user-centric applications. Eager to apply and enhance skills in a dynamic and challenging work environment.

## EDUCATION

---

Bachelor of Technology – Computer Science and Engineering

Malla Reddy University, Hyderabad, Telangana (8.54 CGPA)

Dec 2021- Apr 2025

Intermediate - MPC

Narayana Junior College, Vijayawada, Andhra Pradesh (93.2%)

Apr 2019- Mar 2021

SSC – High School

Narayana English Medium School, Palakollu, Andhra Pradesh (9.7 CGPA)

Apr 2018- Mar 2019

## SKILLS SUMMARY

---

- Programming Languages: Java | Python | JavaScript
- Web Development: HTML5 | CSS3 | PHP | MERN Stack
- Databases: MySQL
- Frameworks & Technologies: Flask | TensorFlow | Machine Learning | Deep Learning
- Web Design & Development: Web Development | REST API
- Version Control & Collaboration: Git | GitHub
- Core Competencies: Problem-Solving | Communication | Time Management | Leadership
- Interest's: Exploring | Dancing | Art | Sports

## PROJECT/INTERNSHIP EXPERIENCE

---

- **Sports Buddy – Sports Event Matching & Management Platform** | [Link](#) | Jul 2025 – Aug 2025
  - Developed a responsive sports matching platform using HTML5, CSS3, JavaScript, and Firebase (Firestore and Authentication), enabling users to browse, create, and manage sports events with skill-level and location-based filtering.
  - Integrated real-time updates, user authentication, and admin moderation tools for managing categories, areas, and user access—ensuring secure operations and event curation.
  - Supported both user and admin workflows, including registration, profile management, event discovery, creation, and moderation, all deployed through Firebase hosting for streamlined development and delivery.
- **Personal Portfolio Website – Intershala Training** | [Link](#) | Jun 2025- Aug 2025
  - Designed and developed a responsive and modern personal portfolio using React.js, showcasing skills, certifications, and projects.
  - Implemented smooth scroll navigation, interactive UI components, and light/dark mode toggle.
  - Deployed the project for public access, optimizing for SEO and performance using best practices
  - Integrated GitHub and LinkedIn links for recruiters to view code and connect professionally.

- **Chatbot AI Intern** – InfraBIM Techno Solutions. (React.js, Rasa, MySQL) | Feb 2025- Mar 2025
    - Developed and integrated a Rasa-based chatbot for Shop Talk, the company website.
    - Connected chatbot with React frontend for real-time user interactions.
    - Stored user inputs, bot responses, and interactions in a MySQL database for further analysis.
    - Implemented custom actions and intents for dynamic and context-aware conversations.
- 
- **Eventful India – Artist Booking and Discovery Platform** | [Link](#) | Mar 2025 – May 2025
    - Developed a Next.js 13 web application with Tailwind CSS and React Hook Form, featuring artist discovery, onboarding, and booking functionalities.
    - Implemented dynamic filtering (category, location, price) and interactive onboarding forms with robust client-side validation for a seamless user experience.
    - Built a modern, responsive UI with modular components and integrated a dummy dataset, demonstrating scalable design and deployment practices.
- **Crop Yield Prediction** | (Machine Learning, Python) | Jan 2024 – May 2024
    - Developed a crop yield prediction model using Random Forest, with inputs like state, crop, season, rainfall, and chemical usage.
    - Preprocessed data, including categorical encoding, and integrated the model into a Streamlit web application, hosted on Streamlit Cloud.
    - Converted the web app into a functional Android application for wider accessibility.

## CERTIFICATIONS

- **Web Development** Apr 2025-June 2025  
Internshala Training (Online)  
Field of Study: Web Development (HTML, CSS, Bootstrap, DBMS, PHP, JavaScript, React, AI in Web)
- **Internship Certificate – Shop Talk App Development Project** Feb 2025-Mar 2025  
Aurumi Tech Holdings Pvt Ltd, Hyderabad, under InfraBIM Techno Solutions  
Field of Study: Data Analytics, Mobile App Testing, Web App Testing, MySQL, React.js, Python, REST APIs, Rasa
- **Data Analytics with Python** Jan 2024-Apr 2024  
NPTEL (National Programme on Technology Enhanced Learning), (Online)  
Field of Study: Data Analytics, Python Programming
- **Programming in Java** Jan 2023-Apr 2023  
NPTEL (National Programme on Technology Enhanced Learning), (Online)  
Field of Study: Java Programming
- **Cambridge English Empower Level B2**
- **COURSERA - Python**

## LANGUAGE COMPETENCIES

Telugu: Native language, English: Fluent
